

## Acutonics® III and IV: Intensive

### Acutonics® III: Harmonic Attunement

This advanced training initiates Acutonics practitioners into a deeper understanding of the Music of the Spheres and its holographic and transformational relationship with the Earth and its inhabitants. Using planetary tools, including Acutonics® Planetary Tuning Forks, planetary gongs, sacred oils, attunements, and rituals, we explore planetary frequencies, archetypes, mythos, and their effects on physiology, psychology, and consciousness. Students experience and work with the more sophisticated layers, applications, and techniques of the Acutonics System of Sound Healing.

Practitioners build on their knowledge from Acutonics Levels I and II and are introduced to the Acutonics Planetary Tuning Forks, Chiron Tuning Forks, Planetary Gongs, and custom blended essential oils with planetary frequency.

### Acutonics® IV: Advanced Harmonic Applications

This class focuses on the personality, drama, diagnostics, and applications that unfold with each harmonic interval in the Acutonics Healing System. By looking in depth at the archetype of each planetary tone and its healing effect on the body, practitioners become aware of the deep effects of these tones in a sound healing treatment. In this class, participants explore the unique harmonics, parallel fifths, and the seeds of transformation that reside in the spaces in between. In addition, the powerful archetypes and tones of Nibiru and the Acutonics Asteroid Series are introduced.

This hands-on three-day class also focuses on the clinical applications of these powerful intervals. Practitioners expand their knowledge of the Planetary Tuning Forks and learn how to work with and integrate Chiron, Nibiru, and the Acutonics Asteroid Series.

*Prerequisites:* Acutonics Level I & II Core Curriculum
